HISTORY

Maverik grew from humble beginnings in 1928 when Crystal Maggelet's great uncle, 20-year-old Reuel Call, opened a two-pump gas station in Afton, WY, with the money he earned from renting roller skates. The business soon grew, and he started providing fuel to surrounding towns and ranches. Now, Maverik is known as the best place to energize your body and fuel your vehicle for your favorite adventure!

COMMUNITY

Maverik is a generous community partner proud to give back, currently focused on impacting local hunger, education, and outdoor enrichment.
